Our Mission...

Is to provide our clients with timely, effective, and innovative information technology, statistics, and consulting solutions and analysis that will improve productivity, reduce operating costs, and facilitate collaboration; allowing our clients to affordably adapt and respond more quickly to demands and market forces.

Services and Competencies:

- **DOD C4I Ashore and Afloat Forward Deployed Custom Systems - Design, Architecture, Consulting, Testing, Configuration, Implementation, Planning, Support, Configuration Management, Project Management for:**
CENTRIXS, Multinational Maritime Informational Systems Interoperability, Collaboration at Sea (CAS), Coalition Systems, CANES, ISNS, ADNS, AARS, MNIS, CENTRIXS-M and other classified and unclassified networks and enclaves
- Personnel Management, Supervision, and Mentoring (27 years)
- IT Lifecycle Support and Execution, Project Management, and Change and Configuration Management (25 years)
- Server WAN based Collaborative Architecture, Development, and Management (focus Domino/Notes vers.4-9) (17 years)
- Federated Chat Architecture and Administration (Sametime vers.1-8, XMPP, MAKO, IRC) (19 years)
- Management Consulting, Operations Management, Business Analysis, Statistical Analysis, Revenue Assurance, and Metrics, Productivity, and Activity Analysis (18 years)
- Design, build, and deploy Virtualized WAN replicated, multi-database, custom Intranet & Internet browser capable solutions
- Application Development and Programming with user maintained, dynamic content built for Virtual Environments
- Custom application development, documentation, training, testing, and implementation – 100+ applications
- Architect, configure, and manage Global Enterprise architecture utilizing multiple hub and spoke environment with approximately 1200 servers on 9 independent networks
- Java, Javascript, Lotuscript, HTML, SMTP, Notes Mail, Domino, Sametime Chat, Clustering, selective replication, SSL configuration, x.509 CA & CRL, Norton Groupware, Linux, Windows 2016-DOS1, OS390, OS2, SAS, EZtrieve, COBOL, JCL, SQL, DB2, Access, Excel, Approach, 123, Project, Super Project, FireEye, EventHorizon, syslog, QEMU, McAfee EPO (HBSS), IBM TDI, FTP Srv, RHEL6-7, ESX, VMWare v. 2+. Test Reports, White Papers, ATO, IAVA authoring and mitigation, CCRI, Analysis

Performance History:

- Software development, integration, architecture, engineering, implementation, and Support for PACOM VSE and CANDID Projects (JC2 pilot). *Contract HC1047-05-D-4000-0231 (2013-2011) (Subcontract to GTRI and Talmadge Group)*

Support contracts awarded below on systems originally architected and implemented by Binary League staff:

- Software integration engineering for data, chat, and E-Mail systems with differing interfaces in use by various Allied Countries on **CANES, Legacy Networks (CENTRIXS-M, CAS, ISNS), and ADNS programs.** *Contract N66001-12-D-0156 (2013) Subcontract Task Order 0028 (SAIC, Delphi/TSG)*

- SPAWAR SSC Coalition System Engineering, technical and configuration management support services Centrixs /CAS. *Contract N66001-07-D-0029 (2013-2009) Multiple Awards/ Subcontract Task Orders: 507, 594, 841, 1129, 1207 (SAIC, CSC)*

Awards & Recognition:

2017 Spawar Lightning Bolt Award
2012 Spawar Lightning Bolt Award (May)
2012 Spawar Lightning Bolt Award (Feb)
2011 Spawar Lightning Bolt Award
2008 Spawar Lightning Bolt Award
2004 Spawar Lightning Bolt Award
2002 e-Gov Award
1999 USMC & Litton Industries Achievement Award

Missions & Partners:

C4I Customers:

US Navy, SPAWAR SSC, COMPACFLT, PACOM, NNWC, CFFC, CENTRIXS, CANES, ADNS, ISNS, CAS, BFTN, VSE, CANDID, USMC, MARFORPAC

Commercial Business Partners:

SAIC, GTRI, Delphi Research, TSG Inc., Talmadge Group, CSC

Business Summary & Codes:

DUNS - 806849571 CAGE Code - 51L85

Certifications (pending): SDB, EDWOSB, SMOB NAICS: 541512, 541511, 541611, 541614, 443142
